Preface

Automated Library Systems in Manitoba Schools is a provincial publication created for the purpose of networking and information sharing between school library personnel, administrators, and school trustees in the province of Manitoba. During the month of June 2005 a survey of Manitoba school libraries was conducted to learn about what types of automated library systems were being utilized, the positions of library personnel, and current contact information for each school library.

This report contains a directory of 867 schools including addresses, telephone numbers, E-mail addresses, and grade levels as well as contact information for school divisions and districts. Each entry also indicates if the school is using an automated library system, the type of automated system, whether the school library cataloguing system is school based, division based or both, and if the school library imports MARC (Machine-Readable Cataloguing) Records.

This report has also been compiled to assist school trustees, administrators and school library personnel with their plans to purchase automated library systems, and a list of system vendors and contact information is included.

Each entry contains the following information:

JOHN PRITCHARD SCHOOL	*(School Name)*
1490 HENDERSON HIGHWAY	*(School Address)*
WINNIPEG	
R2G 1N5	
339-1984 Fax: 334-9899	*(Telephone & Fax)*
E-mail:

L = Librarian	**LC** = Library Clerk	**TA** = Teaching Assistant
Tch = Teacher	**C** = Clerk	**P** = Principal
		VP = Vice Principal
